

OPEN POSITION:

Advanced Materials and Sustainability Expert

BNN is a non-profit research organization based in Graz, Austria, with international visibility and global collaborators. Our mission is to support and guide our members and customers towards a sustainable development of connected technologies.

To support our team, we are looking for a committed, experienced EHS expert that shows enthusiasm for sustainability-driven technology development.

YOUR TASKS:

- ✓ Creation and implementation of use case specific SSbD concepts together with technical developers and scientists
- ✓ Optimization of risk management along the life cycle of innovative materials (e.g., nano-materials)
- ✓ Support and advice on safety, quality and sustainability aspects during the design and development phase of new materials, processes and/or products
- ✓ Multidisciplinary cooperation with international partners and expansion of our scientific network
- ✓ Key contribution to research projects on national and international level

YOUR PROFILE:

- ✓ University degree preferably in the field of Chemistry, Biochemistry, Environmental Systems Science, Advanced Materials Science, Biotechnology, Chemical Engineering, Process Engineering, or similar
- ✓ Knowledge in the implementation of SSbD-concepts, tools and assessment methodologies
- ✓ Experience with life cycle analysis (from design to end-of-life) & risk management
- ✓ High degree of commitment, responsibility, flexibility and social competence as well as self-reliant and goal-oriented way of working
- ✓ Excellent English skills (written and spoken), in addition preferably good German skills
- ✓ Minimum 5 years work experience in the field
- ✓ Experience in scientific research projects
- ✓ High readiness to travel

WE OFFER:

- ✓ Expert career with varied and responsible tasks
- ✓ Interdisciplinary cooperation in research projects on international level
- ✓ Long-term position in an innovative company
- ✓ Dynamic, competent and open-minded team
- ✓ Full-time employment with a weekly working time of 38.5 hours
- ✓ Monthly gross salary of € 3,804 with the willingness to overpay depending on qualifications and experience
