ERCI Webinars: Organisation Template

Title of the webinar	**ERCI Webinar | Railway and AI Together for Efficient and Smart Mobility**	
Virtual platform	MS Teams	
Date and time	Wednesday, 23 October 2024 | 10:00-11:30 CEST (UTC+2)	
Registration link	https://mobilitaet-bb.de/en/calendar/erci-webinar-railway-and-ai-together-efficient-and-smart-mobility	
Contact Person	Lutz Hübner	
Meaningful photo	See attached © ERCI | in-move by Railgrup	
What to expect?	In this ERCI webinar you will learn about the role of smart production and efficient enhancement through anomaly detection for the railway sector. DCCS – a member of ACstyria – will cover **practical applications of AI** such as **process automation**, **image recognition**, and **anomaly detection**. Learn how AI technologies can **enhance productivity**, **ensure precise quality control**, **reduce operational costs**, and **support data-driven decision-making**. This webinar will provide valuable insights into implementing AI solutions to achieve consistent and reliable manufacturing outcomes. What to expect from the second presentation	
Agenda	10:00	**Introduction** • ERCI - European Railway Clusters Initiative
	10:10	**Anomaly Detection in Production** • Gerhard Schuster | Executive Advisor | DCCS GmbH • Matthias Puhr | Machine Learning Consultant | CCCS GmbH
	10:40	**NN** • Sid Hinrichs | Head of Operations | Pointly GmbH
	11:10	**Q&A**
	11:25	**News from the ERCI network** • ERCI - European Railway Clusters Initiative
Please note	• By registering for this webinar, you agree that the webinar will be recorded and published on the YouTube platform of the STARS project. • **Registered participants will receive an access link to the webinar in a separate e-mail.**	
About ERCI	This webinar is organised by the **ERCI - European Railway Clusters Initiative**. ERCI comprises 18 research and innovation-oriented railway technology clusters, covering 17 countries. ERCI represents over 2,300 SMEs and aims to promote innovation and the development of new business opportunities as a means to sustainably strengthen competitiveness within the European railway industry. ERCI promotes cooperation between industry and research, initiates innovation projects, organises B2B meetings and workshops. This also includes promoting visibility and networking at EU level.
