

READY FOR TAKE-OFF

With AXIS you develop and produce high-end **FLIGHT SIMULATORS** with the most innovative technologies for pilot training. Start with us into your exciting future with great benefits.

Cockpit Systems Engineer m / f / d

For this position we are searching for a team member to support the aviation engineering team:

- Modelling of aircraft systems, based on:
 - Aircraft manuals
 - Flight Tests
 - Scientific Research
- Integration and acceptance tests of simulated aircraft systems:
 - Integration with Cockpit Hardware
 - Integration with OEM Avionic Systems (ARINC, AFDX, Discretes)
 - Integration with proprietary software modules
- Internal and Customer acceptance:
 - ATM creation and execution
 - In plant acceptance testing
 - Onsite acceptance testing

Your profile

- Deep understanding of aircraft and relevant systems
- Deep understanding of the operation and qualification of a full flight simulator
- Matlab / Simulink
- High interest in cockpit systems and aircraft operation
- Experience in scripting languages (python, shell)
- Experience in simulation of control systems
- Independent working style and solution oriented
- Team player and open to new solutions
- Willingness to travel
- Work with web based tools to track requirements / test progress (nice to have)
- Coding skills (C/C++) (nice to have)

We offer

- A highly motivated team in which your commitment is appreciated
- Flexible flexitime model and home office option
- Good public transport connections, free parking
- Daily meal allowance, coffee, tea and seasonal fruit
- Team events and further training opportunities
- The opportunity to put your product developments into operation on site with our national and international customers

Does this appeal to you? Then send us your application to: career@axis-simulation.com

The minimum monthly gross salary for this position is € 2.727,40 according to the collective agreement (metal industry). **Depending on qualifications and professional experience, we offer you a market-based salary. Please include your salary expectations and earliest possible start date in your application.**
